

PRODUCT DETAILS

As seen on the Today Show!

Optimal for sensitive or stressed skin, this highly efficient, supple, sterilized mask creates a protective barrier that helps alleviate discomfort. The unique fibers distribute heat-reducing water to the skin barrier to provide immediate relief. Clinically tested on compromised skin after laser procedures and chemical peels, this mask can also be used as a bi-weekly replenishing treatment.

- Acts as a protective barrier to alleviate discomfort while allowing for breathability
- Creates continuous cooling and soothing
- Replenishes and provides immediate relief to skin
- Reduces heat sensation caused by in-office treatments
- Package includes 6 masks
