

## PRODUCT DETAILS

AOX+ Eye Gel is a groundbreaking serum-in-a-gel that contains a synergistic combination of 5% pure vitamin C (l-ascorbic acid), 1% phloretin, and 0.5% ferulic acid along with powerful botanicals to protect the delicate eye area from atmospheric skin aging – environmental damage and premature signs of aging caused by free radicals from UVA/UVB, infrared radiation (IRA), and ozone pollution (O3). This refreshing eye serum targets visible signs of aging such as crow's feet and fine lines, and improves the appearance of puffiness, fatigue, and under eye circles.

- Provides advanced environmental protection by neutralizing damaging free radicals
- Reduces the appearance of lines, puffiness, and under eye circles
- Combats signs of fatigue to promote a refreshed appearance
- Paraben-, fragrance-, alcohol-, and dye-free
- Ideal for most skin types
