

PRODUCT DETAILS

LHA Cleanser is a targeted exfoliating cleanser featuring a conditioning surfactant and a 12% concentration of key ingredients combining lipo-hydroxy acid, glycolic acid, salicylic acid, glycerin, and sorbitol to remove excess oils and makeup, while decongesting pores and brightening skin. Formulated for aging skin prone to breakouts, this deep cleansing gel gently refines the appearance of congested pores and helps to reduce blemishes without drying the skin.

- Features a blend of salicylic acids to address breakouts and visible signs of aging
- Delivers even exfoliation to unclog congested pores
- Removes excess oils and makeup
- Paraben-, sulfate-, soap-, synthetic-fragrance-, dye- and alcohol-free
- Suitable for oily, combination, and aging skin types
