

PRODUCT DETAILS

Simply Clean is a powerful makeup removing cleanser formulated with an amino acid surfactant system and a 6% concentration combining sulfonic acid (HEPES), glycerin, chamomile and aloe extracts, orange oil, and citric acid to gently exfoliate uneven or rough skin. This unique gel cleanser efficiently removes waterproof makeup and excess oil to leave skin feeling clean and primed for in-office treatments and at-home cosmeceutical use. Tested pre-procedure.

- Gently exfoliates dead skin cells to reveal smoother, softer skin
- Removes waterproof face and eye long-wear makeup
- Non-comedogenic formula ideal for daily use
- Paraben-, sulfate-, soap-, synthetic-fragrance-, dye- and alcohol-free
- Suitable for normal, oily, or combination skin
- Ideal complement prior to in-office procedures such as chemical peels, intense pulsed light, non-ablative laser, microdermabrasion, microneedling, and injectables
